

EDUMISSION VARUNA- Endowment for the needy

Bhavan's Varuna Vidyalaya has completed 25 glorious years as an educational institution par excellence. Our highest priority has been the commitment to the community we live in. Our greatest contribution to society is providing holistic education to the next generation citizens.

We, at **Bhavan's Varuna Vidyalaya**, have made our Silver Jubilee year special by announcing the master project - **sponsoring the education of 25 needy students every year**. We plan to mobilize funds for an endowment by raising an amount of Rs. 10,00,000.00 this year to make our dream come true. Through passion, transparency, and accountability we aim at achieving results at the earliest.

Our alumni, students, parents and all our well wishers.....Let's join hands to make a Life Different!!!
